

## Export

Pure NZ's Head Office is situated just South of New Zealand's largest city, Auckland. Auckland is one of the country's largest export hubs making it a very efficient export option. We have experience in exporting our product to a number of countries around the world and would be happy to discuss your requirements.

If you are interested in importing Pure NZ to your country, contact us via email at: [exports@nzdrinks.co.nz](mailto:exports@nzdrinks.co.nz) and we'll come back to you within 24 hours!

## Our Story

Established in 2010, Pure NZ is now a well-established brand in the New Zealand market place, with total distribution throughout the grocery sector. Pure NZ is one of New Zealand's favourite water brands and with the completion of our state of the art bottling facility in 2016, located south of Auckland, we now have the fastest and most efficient Spring Water Bottling Plant in New Zealand. Enabling us to offer continuous supply and the ability for you to grow your market, with the confidence of knowing you have security in your supply.

Pure NZ was born out of passion to offer some of the purest water available in New Zealand to the rest of the world. Our Pure NZ Spring Water is created by nature, captured at its purest then bottled in our bottling facility.

All of our bottles are made from 100% recycled PET.

Pure NZ is a 100% New Zealand owned and operated company, ensuring a vested interest in always having the purest product.

## Pure NZ Spring Water

Pure NZ Spring Water uses natural spring water sourced from selected springs around New Zealand. A bottle of Pure NZ Spring Water is a guarantee that the water you're drinking is of exceptional purity. That's because our water is created by nature and captured at the source for you to enjoy!
